WHO Part 1
People Who Led Planning Activities

Diverse Leaders Engaged

The One Community planning process was jointly led by the Pinellas County Urban League, Collective Empowerment Group of the Tampa Bay Area, The 2020 Plan team, and the New Deal team as founding collaborators.

These core leaders engaged a constellation of diverse partners to shape the plan and breathe life into its parts. Expansive involvement was designed to fully activate the social capital and leadership capacity available in the community.

- **A 50+-member Plan Development Committee** made-up of leaders of economic growth initiatives in South St. Pete convened monthly to advise plan development.
- **109 partner organizations** participated in or financially supported OneComm planning activities and convenings. Financial sponsorships supported convenings and group “knowledge-sharing” trips to Durham, Fort Lauderdale, and Tallahassee.
- **11 Emerging Leader Interns + 3 Tallahassee-based 2020 Legislative Interns** participated in plan activities. The Emerging Leaders Program trained 11 Millennials and engaged them in community service over six months, earning $2,000 stipends for the experience (3 also received bonus stipends for leadership). The 3 legislative interns promoted the Advancing Florida vision for economic equity among state policy makers. They received stipends totaling $1,850 for six-week assignments.
- **38 Subject Matter Experts** engaged face-to-face with OneComm Plan stakeholders, sharing their insights and experience to help shape the plan.
- **485 people, in all, took part in planning-year activities and convenings.**
Plan Development Committee & Idea Visionaries

The New Deal and 2020 Plan teams led recruitment of visionaries and community leaders to participate in the planning year. They also spearheaded the involvement of young people in the 2020 Emerging Leaders program.
Work Group & Project Leadership

Planning Leader Group

Special Thanks to The 2020 Plan

The 2020 Plan core team approved the use of its budget and contractor team to staff the One Community Plan development process. Over the planning year, 2020’s financial resources were provided by Allegany Franciscan Ministries, Foundation for a Healthy St. Petersburg, and City of St. Petersburg, in addition to individual donors.
